My niece loves her new HeartbeaX Smart Watch. I'm amazed at how many different things the watch does. She finally stopped asking me for one of those other over-priced e-watches which do exactly the same thing but for way more money. This was a great deal.

After a week of heavy research and reading reviews, I decided on an Luno Pro Smart Watch. I'm so glad I did. The battery life is great, the feel is awesome, and it's jammed pack with so many settings and it has a classy, stylish look. I recommend this for the novice as well as hard core exercise individual. I'm in love with my HeartbeaX Smart Watch.

My first smartwatch and I'm in love with this thing. Tons of features and activities to record and I keep discovering new things every day. This watch exceeded my expectations. Buy it, you'll love it.
